Dear Sir
Alex has agreed to attend at 1pm Friday. I will ask him for recent utility bills.
Regarding my parents, I have already answered that question in my summary of immigrant history. I will highlight that bit in yellow marker, and resend -this is about my parents proof of address and their possible letters of sponsorship. I prefer whatsapp as I cannot hear calls on my UK SIM card too well-if okay with you
Thanks
Mohini

Dear Madam

Can you please send me your parents and partners details whom you wish to visit including passport and updated letters and utility bills?

I can confirm a conference with you and your partner on Friday at 1 pm at chambers.

I have allocated a case worker for your case to work on it.

Can you please confirm?

Kind Regards

Abu

Dear Barrister
Here are the visa refusal, & its complete application form,
GWF065529877-2022-09-20-UKVI-visa-refusal.pdf
GWF069062307-2023-02-11-UKVI-entire-application-merged.pdf
GWF065529877-2022-09-20-UKVI-visa-refusal-compressed.pdf
GWF065529877-2022-09-20-UKVI-entire-application-merged.zip
The first three files above are attached. The last one is in a dropbox folder.
You can see it over [HERE](#)
It was too big to be attached, and at that time I had not reduced and merged into one long file. I hope you don't object to the formats.I can re do anything if you need.
I use Anti Virus and VPN to try and stay safe online.

You can see the zipped files of the 2022 application are pretty much the same as the long pdf file of 2023 application, as the only items UKVI asks for are extensive financial and residence documents as well as letters of sponsorship or relationships
Thanks very much
