Thank you. It always made trouble when uploading because I think they want additional payment.
I will take my GNiB card and Irish travel document with me. I will take the bank statements/ everything I sent you in digital form.
I am going to go there today to familiarise with the route. After the appointment I will confirm if no mishaps and all went as planned.
Alex is in Nederlands or Germany
Respectfully
Mohini

We have uploaded the documents including cover letter, your bank stat, disability docs, other docs and Alex's documents.
Please take all the documents including your passport, national id, biomtric card with you to submit face to face
We could not upload your passport and biometric card as the system said file was too large.

I will try to get you proof from social services of my disability allowance. Also my medical conditions today or tomorrow.

I need a green signal from you today or tomorrow saying your uploads and submissions are complete

There is also a possibility for me to submit documents at the face to face appointment with TLS contact on Wednesday.

I was planning on going there today or tomorrow to familiarise with the route

Rescheduling until submissions are complete is free and won't get me into the bad books of UKVI. Tls contact are separate from UKVI

But I am sure you know what is
Best

I await instructions
Thanks
Mohini
