Dear Mr Abu,

You said what is discussed in today's conference is up to us. Life is ugly here and we have urgent problems to discuss. So I hope we can have another conference about the criminal conviction.

The Irish made it impossible to work (not included here) and have stopped my disability payments made on grounds of heart failure. They said they can't pay someone who is trying to enter the UK on a visitor's visa. They think due to those payments into my account from Alex then into your account that he is supporting me and my father has left me money. They need a letter from you and will explain in a letter what.

I am getting strange calls from UK mobiles to +44 07706 554261
This Lebara SIM has been malfunctioning since coming here. Lebara staff cannot explain why. Last night the recorded voice said my SIM was dying tonight and something in Chinese

Today the same English and Chinese voice said immigration had an urgent document for me.

Finally what does this mean

Does it mean my request was granted, and my sister cannot get probate
for 6 months?

Thanks
