Dear Alex,

Many thanks for the update on the proposal regarding the property matter. And your response was as you suspected it would be when we last met.

I note your suggestion of how Mohini may alternatively use Abu's services potentially.

By the way, I'm so glad you successfully retrieved your coat because I felt guilty for somehow letting you leave without it. There was a rather hurried changeover in room users at the end of our meeting which may have contributed.

Kind regards,

Mike

Dear Abu

We have decided not to pursue this. Thanks anyway. We will probably need you to represent Mohini in her dispute involving state benefits.

Alex.
