I will look for it. If it is in the letter he sent me to apply for a visa to see him, I can give it to you. No I think he just provided his Indian passport number. My parents GP was Theale Medical Practice. A neighbour, Agnes Slade of 18 Carston Grove, whose number I can find in my cloud, would have had it. Agnes Slade is a non-offensive person, and a churchgoer. However last time she would not answer her phone (landline).

Greg Slade works for a financial offshore company and Agnes and Greg sold their house a block away, and bought 18 Carston Grove to be closed to my parents. My father had offshore investments and there could have been a financial friendship. Agnes kept the house keys to 19 Carston Grove to enter in case there was no movement in the house after father lived there alone from 2022

I was told I could apply for my fathers medical records, while not named as next of kin at Basingstoke Hospital if i wished to challenge fathers will. That would contain his national insurance number. Viju did not even go to see the body and had an unattended early morning cremation, at Basingstoke crematorium, the cheapest possible, through funeral directors Alexander and Dry

Thanks

Mohini
